

2025 Company Profile

General introduction

- **Leading European company** providing cutting-edge solutions for **industrial automation** and **safety**
- Established in Marostica (Italy) in **1984**
- Solid roots and strong values: passion for **quality** and care for the **customer**
- **100% Made in Italy** products
- **8 commercial branches** around the world

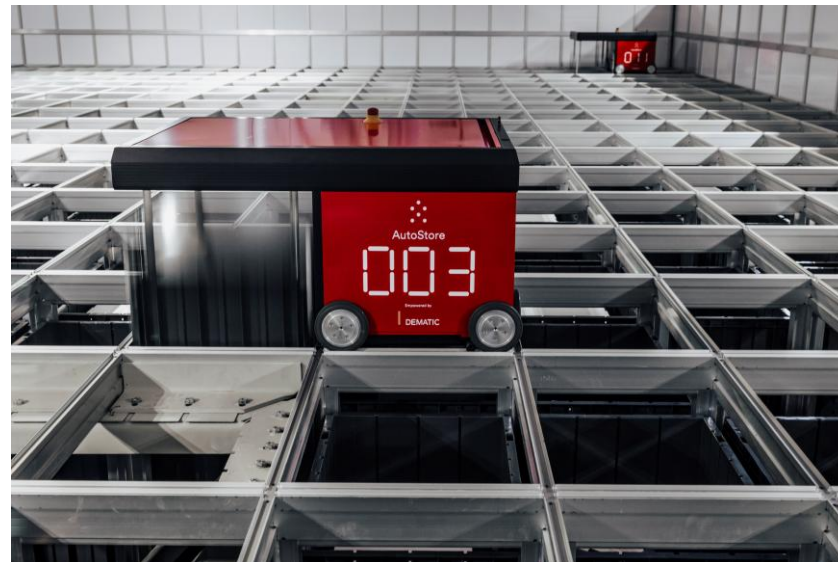

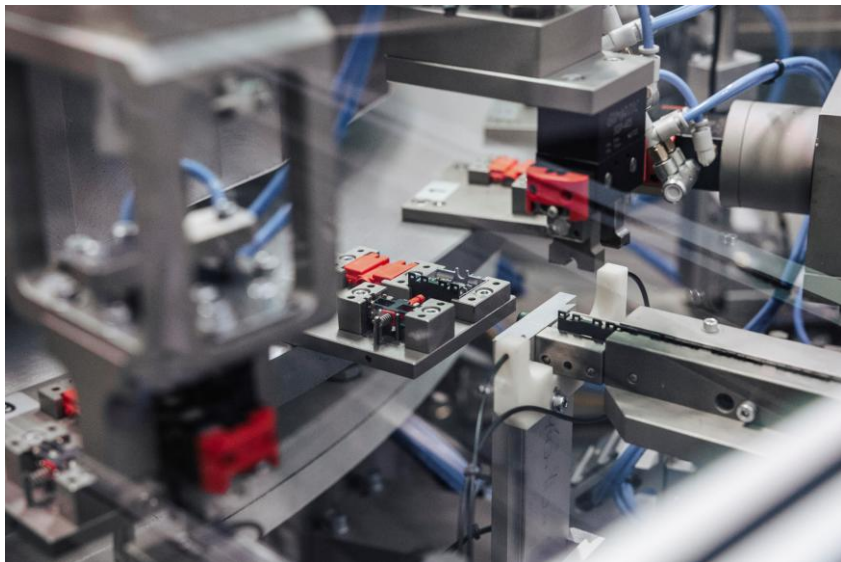

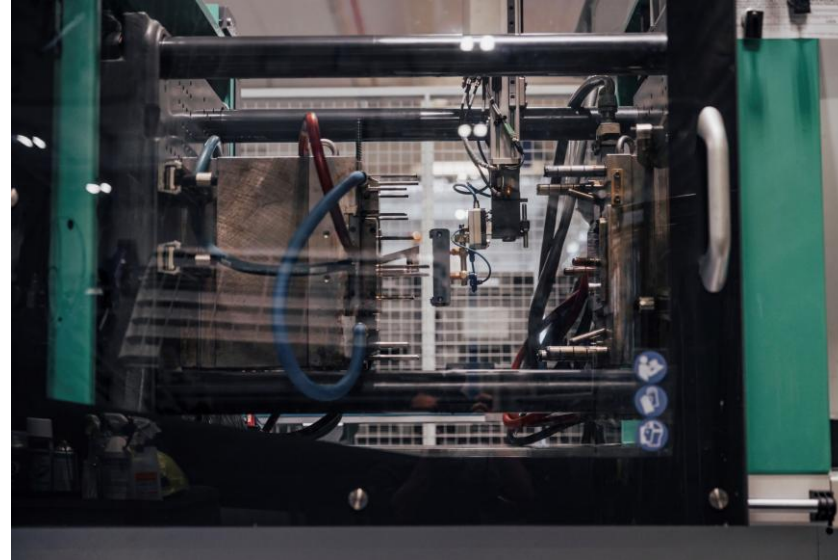

Our premises

P6 Headquarters

- Since **2019**
- More than **25.000 m²** of usable surface area
- Integrated structure, combining **all company processes**

Our premises

Cutting-edge industrial production systems, in line with the concept of **Industry 4.0**

Our premises

P1 Production

Since 1988

1.630 m²

P4 Production

Since 1998

1.630 m²

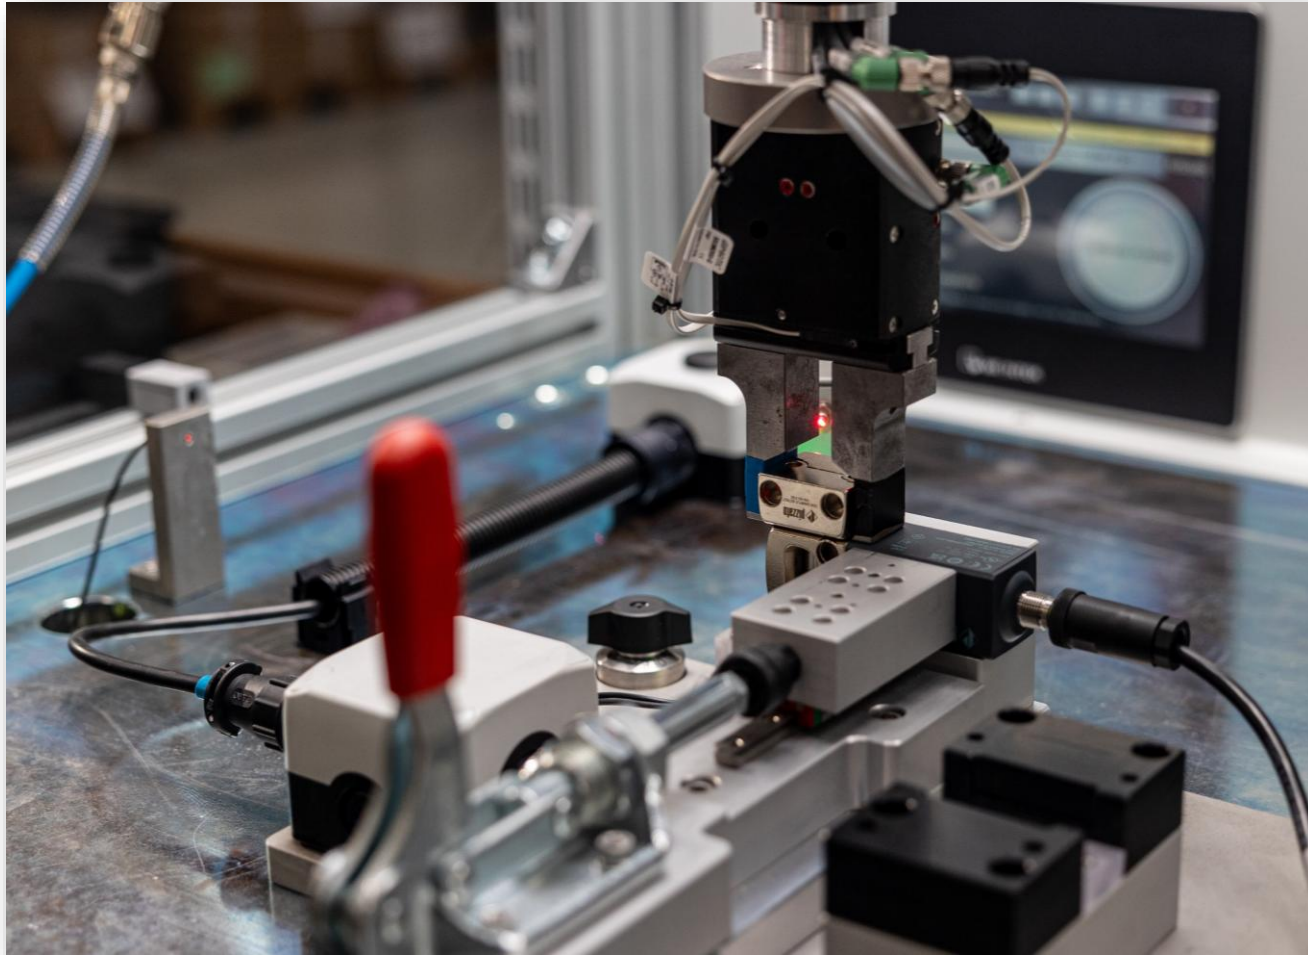

P5 Production

Since 2002

2.805 m²

Mission and Values

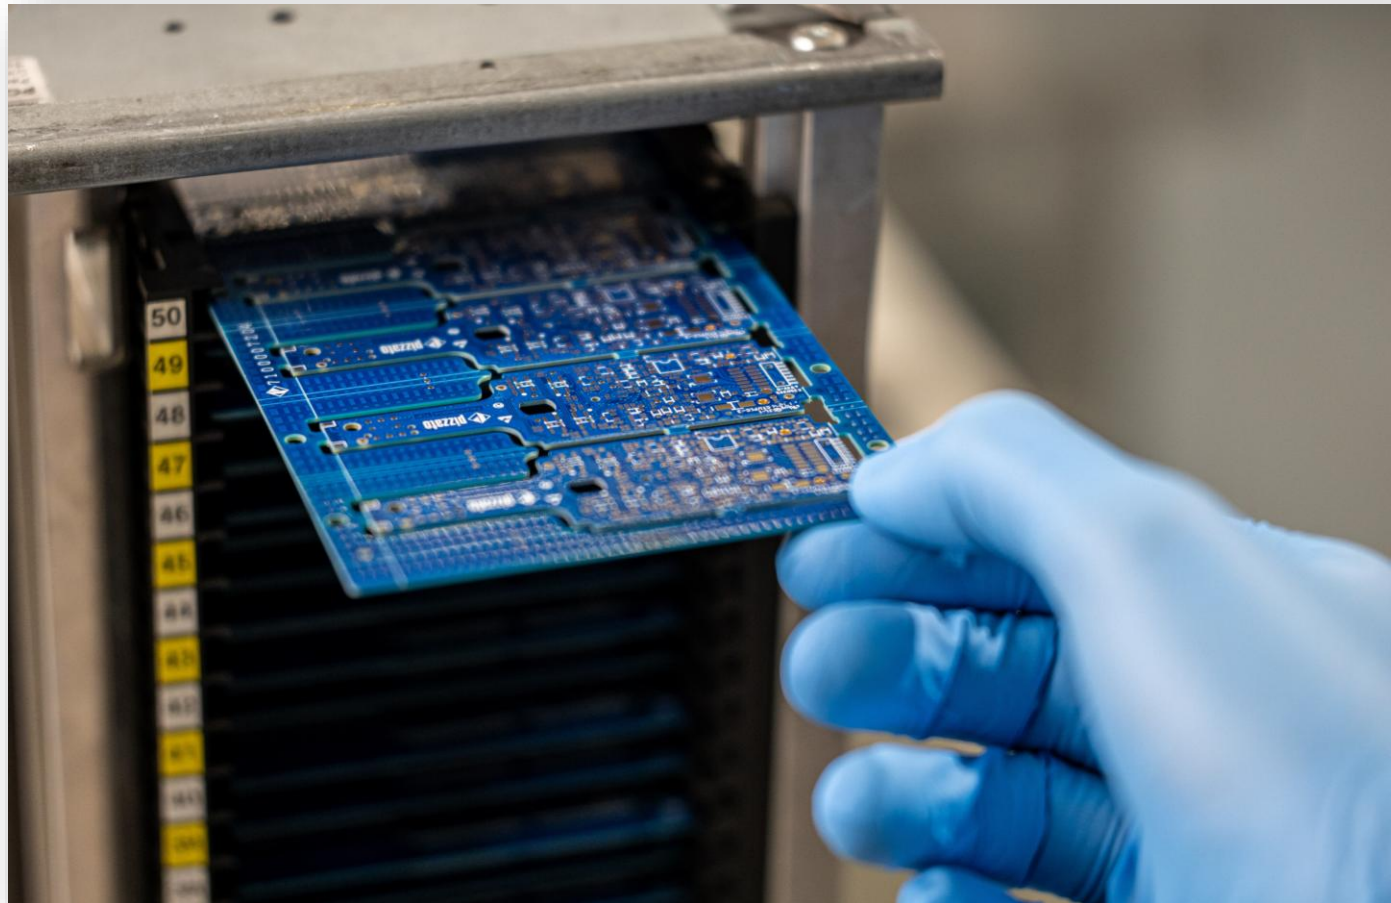

- We **design** our products
- We **produce** our products
- We **test** our products

Result:

- High **quality levels**
- High level of **know-how & support**
- Great fulfillment of **market demand**

Research & Development

Major **investments in R&D** activities

* The list of IQNET Members is valid at the time of issue of this certificate. Updated information is available under www.iqnet-certification.com

- Registered **patents**
- Quality controls** on incoming goods
- Certified internal laboratory**

Technical training: Pizzato Academy

- Pizzato's **training platform**
- **Face-to-face** trainings and **online** webinars
- Aimed at providing **qualified technical information** on industrial safety, as well as on the evolution of **safety standards**

Held by Pizzato's technical and training department: a team of **qualified experts** with **experienced specialization** on international standards and directives.

Pizzato product range

Safety devices

Safety modules

Position switches

HMI devices

Lift devices

Solutions provider for all safety applications

EtherNet/IP

IO-Link

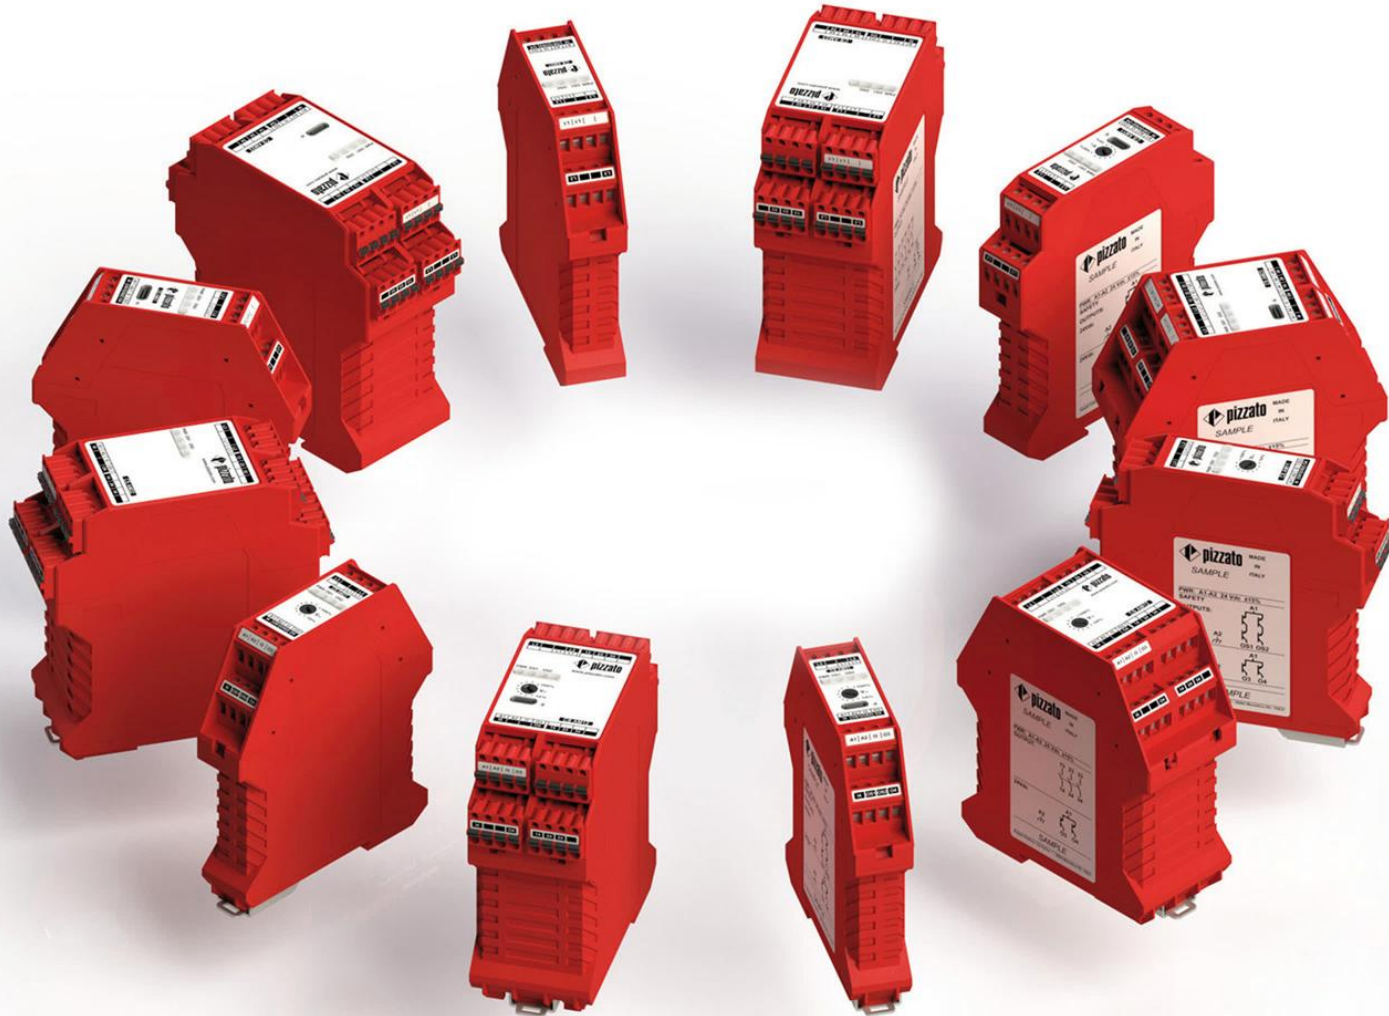

Complete range of devices for the industrial safety

- Safety switches with separate actuator
- RFID safety switches with separate actuator and lock
- Safety switches for hinged doors
- Safety handles
- Rope safety switches
- Magnetic safety sensors
- RFID safety sensors

Single-function and multifunctional safety relays

- Standard safety relays
- Programmable safety relays up to 40 inputs / 8 safety outputs

Recent updates:

- Motor standstill monitoring
- Monitoring of motor speed and direction of rotation
- Combination of both the functions mentioned above

Specialist in the production of position switches

- Up to IP69K
- 20 millions operation cycles
- Modular solutions
- Many actuators available
- Up to 17 contact blocks available
- Versions with extended temperature range: from -40°C up to +180°C
- ATEX version
- Recent restyling with technical, functional and aesthetic improvement

One of the main producers of components for lift applications

- Position switches with electrical or manual reset
- Safety switches for lift door locking
- Signaling switches
- Operator switches
- Door switches
- Safety modules for lift floor leveling
- Lift control stations

Our latest product news

Connection gateway for safety devices

P-Connect series

Control device units with IO-Link technology

BN series

Safety modules for speed and motor standstill detection

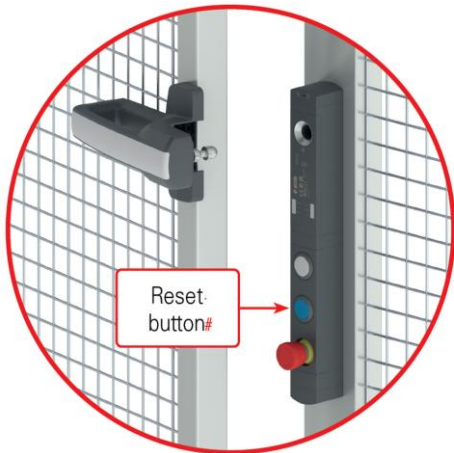

CS AM series

The world's smallest RFID safety switch with lock

NX series

Our latest product news

RFID safety interlock with integrated reset function

NS series

Safety interlock certified acc. to EN 81-20 and EN 81-50

FG series

Passive distribution box

BC series

Housing with illuminated guard and buzzer

ES series

Safety handle for switches for FG and FY series safety switches

P-KUBE Lite series

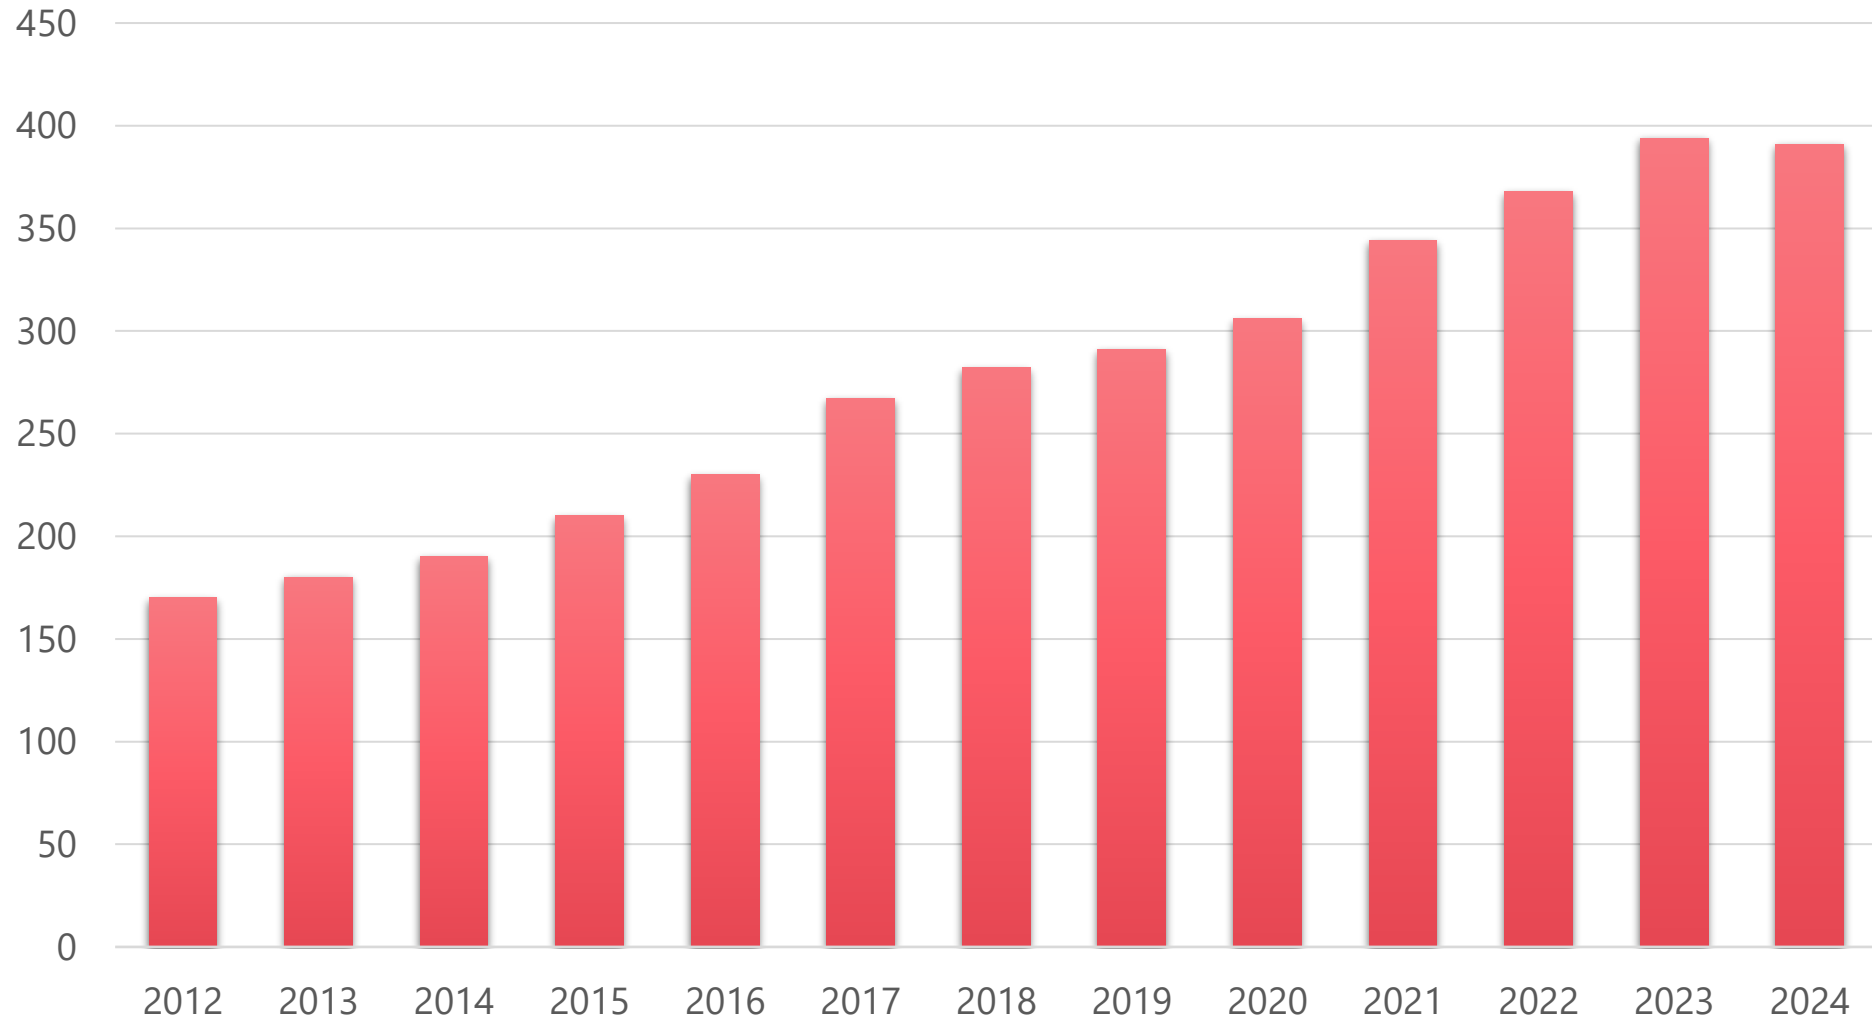

Solutions suitable for all industrial sectors

- Processing of plastic materials
- Woodworking industry
- Metalworking industry
- Packaging systems
- Railway industry
- Food industry
- Lift industry
- Pharmaceutical and cosmetical fields
- Automotive manufacturers and suppliers
- Truck equipments
- ...and much more!
